## EXPERIENCE

**Front End Engineer @ Trazi Ventures**
**Oct 2020-Present | Remote**

- Write modern, performant, and robust code for a diverse array of internal projects.
- Work with a variety of different languages, frameworks, & platforms such as JavaScript, React, Vue, Nuxt, Laravel, Sass, & Docker.
- Lead SEO Search Filter redesign, which allows users to search for a specific person based on a variety of categories.
- Lead Checkout page redesign, which handles all the billing information and subscriptions a user chooses before checking out.
- Leverage Netlify CMS for better static-content flexibility throughout the application.
- Wrote custom unit tests using Jest to ensure quality assurance.
- Translate Figma designs into fully scalable code.
- Achieved 100% code test coverage using Jest for white-label components.
- Communicate and collaborate with multi-disciplinary teams of engineers, designers, producers, and stakeholders on a daily basis.
- Performed daily Scrum meetings to ensure tasks and deadlines were being met.

**Front End Engineer @ Carroll Bradford**
**Oct 2019-Oct 2020 | Orlando, FL**

- Engineered and maintained major features for the company's apps using JavaScript, Bootstrap, Vue.js, PHP/Laravel, React, jQuery, & CSS/Sass.
- Led UI redesign project for company's Role-Based Access Control, allowing permissions and privileges access org-wide.
- Led implementation of Selenium for automated testing.
- Interfaced with designers and managers to ensure thoughtful and coherent user experiences.
- Making meaningful contributions to the long-term maintainability and health of the product.
- Rework application's styling structure using Sass & implementing BEM naming conventions.
- Work with design tools such as Adobe Photoshop, InDesign, and XD to create beautiful prototypes and brand guidelines.

**Front End Developer @ Independent Contractor**
**May 2016 - Oct 2019**

- Helped develop sites with a focus on responsiveness, accessibility, & maintainable code that meets client standards.
- Built and maintained client websites, using Javascript, React, HTML & CSS.
- Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.
- Hands-on experience leveraging JavaScript frameworks, such as React, to build SPAs and reusable components on multiple platforms.
- Interfaced with clients on a weekly basis, providing technological expertise and knowledge.
